He's got a slow, slow ride  
Got a camera inside  
He takes a picture  
Hangs it up to dry.

And there's one girl named  
And another disclaimed  
All the time  
You can't help feelin' ashamed.

Given new reasons to survive  
He keeps a number of them alive  
There's a warning in the sky  
A stranger passing by  
And there's more than meets the eye to the guy.

When you're so secure  
Never feeling unsure  
That's the time  
To check behind your door.

'Cause there's one thing said  
When another is meant  
He's around  
Confusing you 'til the end.

Seeing how changable you feel  
Don't think this happiness is real  
And it's hard to justify  
The tangles you untie  
There's more than meets the eye to the guy.
