Told her you'd forget
It hasn't happened yet
Oh oh oh, you want to know.

She said nothing
Nothing, nothing
She said nothing
You'd wanna hear right now.

What goes through your head
Better left unsaid, yeah
Oh oh oh, you want to know.

She says nothing
Nothing, nothing
She says nothing
You'd got to hear right now.
Nothing
Nothing, nothing
She says nothing
You got to hear right now.

Yeah, nothing
Nothing, nothing
She says nothing
You got to hear right now.

Yeah, nothing
Nothing, nothing
She says nothing
You got to hear right now, yeah now.
