I've seen the shadows fall  
Colors that fade on my wall  
Dressed up nowhere to go  
It's all in my mind I know

But it's alright now  
We're on our way

Lay me down in the moonlight  
So close to you  
(So close to you)  
Maybe we're just dreamers  
Some dreams come true

Lips move but not a sound  
When the words fall to the ground  
Ooh, eyes watch but seldom see  
The possibilities

But it's alright now  
We're on our way

Lay me down in the moonlight  
So close to you  
(So close to you)  
Maybe we're just dreamers  
Some dreams come true  
When we're together  
There's nothing we can't do  
(Nothing we can't do)  
Maybe we're just dreamers  
Some dreams come true, ooh

Movin' in circles that we create  
(Ooh)  
Seein' whatever we choose  
(Ooh)  
Hear only voices that call your name  
And it's alright now  
We're on our way

Lay me down in the moonlight

So close to you  
(So close to you)  
Maybe we're just dreamers  
Some dreams come true  
When we're together  
There's nothing we can't do  
(Nothing we can't do)  
Maybe we're just dreamers  
Some dreams come true

Lay me down in the moonlight  
So close to you  
(So close to you)  
Maybe we're just dreamers  
Some dreams come true  
When we're together  
There's nothing we can't do  
(Nothing we can't do)  
Maybe we're just dreamers  
Some dreams come true ooh
