Another crummy perfect day
Waking up in L.A.
Never thought that I would stay so long

Dusty leaves and bees are hummin'™
Ten day says there's™ no rain comin'™
The sun is shining 'cause
It nearly always does
What else can I say

What a life
What a life
What a life we lead
I'm™ just layin'™ here
So wake me when it's™ time to leave

Orange sky and ashes falling
I can't™ get home the car is stalling
How lucky can I get?
I am so fortunate

What a Life
What a Life
What a Life we lead
I'm™ just waitin'™ here
So wake me when it's™ time to leave
Yeah, wake me when it's™ time to leave

Well, it's™ another perfect day
I guess I wouldn't™ have it any other way.
