Oh if someone writes a song
With a simple rhyme
Just a song
Where his feeling show
And if someone feels the same
About the simple song
Oh sometimes
You can hear them sing
Music gives you happiness or sadness
But it also, it also heals your soul

Let the music heal your soul
Let the music take control
Let the music give you
The power to move any mountain

Oh if someone plays piano
With some simple chords
So melodic
And endearing, too
And oh if someone plays guitar
With the old piano
And maybe
You can hear them sing
Music gives you happiness or sadness
But it also, it also heals your soul

Let the music heal your soul Let the music take control Let the music give you The power to move any mountain

Oh yeah
Let the music heal your soul
Let the music take control
Let the music heal your soul
Oh oh yes

Let the music heal your soul
Let the music take control / (in your soul)
Let the music heal your soul / (heal your soul)
Let the music take control / (let the music take control)

Let the music heal your soul / (yeah)
Let the music take control / (oh yeah)
Let the music heal your soul / (everybody sing yeah)
Let the music take control / (let the music take control)
Let the music heal your soul / (let it heal your soul)
Let the music take control / (oh yeah)
Let the music heal your soul
Let the music take control
