Runnin' downtown with the drag queens
Turning tricks
Down by the pier
A twenty'll buy a balloon and some beer

It's our weakness that makes us beautiful
To God,
That's what she said
If your life's too safe you might as well
Be dead

Quedate en tu apartamento...

She smiled a lot for a girl who was raped
Since she was 12
Her Daddy said, Girl you're goin' straight
To hell

Back in Puerto Rico
The dawn smelled like cinnamon
Cumulonimbus clouds hid the sun

3rd & Broadway...
Land of Sad Days
