Such a strange uneasy feeling
Got no place to go
Feeling down my feet stopped kickin'
Think it's time to blow

Start walkin' down my favorite main street
Everybody's acting so cool
I'll tell you something
Just what I've seen
Too much disease

I'm a stranger
I think it's time I've got to blow this town
Back to the city
That's where I gotta be
I'm a stranger
I think it's time I've got to blow this town
Down to the city
That's where I wanna be

I see you on red light corner
Makin' money that ain't so good
I'll tell you something
It ain't there for ya
Doin' the crazy things that you do

You start talkin' about your best friend,
Babe
I'll tell you something
She's not so fine
All the boys say she's so good
I'll tell you what she does for me
