I look around and everybody's fighting  
Pow wow wow  
We're at a time where we should be uniting  
Now wow wow  
It's all so wrong  
We gotta shake things up  
You've had your chance boys and we've had enough

When girls rule the world  
Things are gonna change  
When girls rule the world yeah  
When girls rule the world  
Better get out of the way  
Girls rule  
When girls rule the world

Hey hey  
Yeah

We're trading all your guns and big explosions  
Wooh wooh wooh  
And putting blue back in the sky and ocean  
Swoo woo woon  
Gonna take control  
You better hold on tight  
You made a mess of it we'll make it right

When girls rule the world (girls rule)  
Things are gonna change  
When girls rule the world yeah  
When girls rule the world  
Better get out of the way  
Girls rule  
When girls rule the world

Dumb ba da de da  
Dumb ba da de da  
Dumb ba da de da da

Big hearts  
Big wheels

Big talk  
Big deal  
That's what  
You get  
Come on Mrs. President yeah

When girls rule the world  
Things are gonna change  
When girls rule the world yeah  
When girls rule the world  
Better get out of the way  
Girls rule  
When girls rule the world

When girls rule the world (girls rule)  
Things are gonna change  
When girls rule the world yeah  
When girls rule the world  
Better get out of the way  
Girls rule  
When girls rule the world

Dumb ba da de da  
Dumb ba da de da  
Dumb ba da de da da  
Girls rule
