As I'm walkin' down the street
I hear a voice that's callin' me
Do I know it's you
From inside the truth
Close your eyes you know it's real
To be secure to help you feel
And it's been so long
And it feels so wrong

I've been lost inside myself a long time
A long time
And I've been searchin' for myself a long time
A long time
And take a breath and look around
Where are we now
And you'll see
That's what I need

When I feel like hope is gone
I can't control my feelin' no
'Cause I know it's you
From behind the truth
Take some time to soak it in
And if we fall we'll never win
It's been so long
And it feels so wrong

I've been lost inside myself a long time
A long time
And I've been searchin' for myself a long time
A long time
And take a breath and look around
Where are we now
And you'll see
That's what I need

Tell me
How I feel and what is happenin'
Maybe I will

I've been lost inside myself a long time

A long time
And I've been searchin' for myself a long time
A long time
And take a breath and look around
Where are we now
And you'll see
That's what I need oh

I've been lost inside myself a long time
A long time
And I've been searchin' for myself a long time
A long time
Take a breath and look around
Where are we now
And you'll see
That's what I need

And you'll see
That's what I need
