Hey yeah

Got your picture on my wall
Along with all the other things I treasure
But they don't measure up to you
My friends don't understand what it is that makes you
so special to me
The little things that they can't see

You're quietly perfect and
Totally worth it
If they only knew what I know about you

Mr. shy guy
Mr. nice guy
What am I to do
Wanna tell you
All my secrets
I wanna be with you
Mr. shy guy
Mr. my guy
Would you believe
I got a crush so huge shy guy
On you
Do do do do do do do do do do do do do do do do

Have you ever noticed me
Is it strange the way I'm always where you are
There's a reason I'm not far
It's cause I'm so in love with you
And I'm too shy to say it to you
I'm scared to say it to you

You're quietly perfect and
Totally worth it
If you only knew what I think about you

Mr. shy guy
Mr. nice guy
What am I to do (what am I to do)
Wanna tell you

All my secrets
I wanna be with you
Mr. shy guy
Mr. my guy (oh)
Would you believe
I got a crush so huge shy guy
On you
Do do do do do do do do do do do do do do do do do
Do do do do do do do do do do do do do do do do do

Oh
What's behind those big brown eyes
What part of you have you disguised
I wanna see
Your everything
Don't hide
Baby
Don't be shy

Mr. shy guy
Mr. nice guy
What am I to do (what am I to do)
Wanna tell you
All my secrets
I wanna be with you
Mr. shy guy
Mr. my guy
Would you believe
I got a crush so huge shy guy (oh)
On you

Mr. shy guy
Mr. nice guy
What am I to do (what am I to do)
Wanna tell you
All my secrets
I wanna be with you (I wanna be with you)
Mr. shy guy
Mr. my guy
Would you believe
I got a crush so huge shy guy (oh)
On you
Do do do do do do do do do do do do do do do do do
Do do do do do do do do do do do do do do do do do
Do do do do do do do do do do do do do do do do do
Do do do do do do do do do do do do do do do do do (whoa)
