I'm packin' all of my hopes and dreams
And breakin' out of this place oh
I'm takin' all of my memories
That you could never replace yeah
If you think I'm gonna lose my way
I will show you oh
Now I'm standin' tall

Tell me that I'm lost without you
Better off before I met you
Tell me that I can't when I want to
I'm fallin' when I'm not supposed to
Tell me you won't forget me
And you'll never let me let you down
Honey I can tell you all those things are true
But you tell me

Take a step into a brighter day
That's what I'm gonna do (it's what I'm gonna do)
And there's no part of me that says
I need you no
I'm gonna show myself what it's like
To sail this ocean life
Without you on my side

Tell me that I'm lost without you
Better off before I met you
Tell me that I can't when I want to
Fallin' when I'm not supposed to
Tell me you won't forget me
And you'll never let me let you down
Honey I can tell you all those things are true
But you tell me

Why my hopes
And my dreams are crashing down on me and you
know
I am so
Over you but I can barely breathe
And I'm done
With your games

You can play them as I walk away

And tell me that I'm lost without you
Better off before I met you
Tell me that I can't when I want to
Fallin' when I'm not supposed to
Tell me you won't forget me
And you'll never let me let you down
Honey I can tell you all those things are true
(But you tell me)

Honey I can tell you all those things were true
But you tell me
