I wake up again on someone elses floor  
My life with less meaning than it had the day before  
And I wonder, is this as good as it gets?  
I take a ride downtown with my fair-weather friends  
And I wonder, is this what it means to have regrets?  
Another day to waste,  
Another dollar to spend  
I can hear the voices, but the words they don't make  
sense  
Talking for hours, but the conversations meaningless  
And I wonder, does anybody even notice?  
I take a walk so I can think, the silence fills me up  
And I wonder, would anybody even notice?  
If tomorrow came and I was gone away  
I was gone forever  
Sense of self unsure, damaged and impure  
I suspect that no ones happy anymore  
It's all over, it's all over  
It's everywhere, it's all over  
I can't help wanting more than I've ever had before  
Fill me up, but still I'm empty  
Colder than a Stone  
Rotten to the bone  
Surrounded, but were all alone  
It's all over, it's all over  
It's everywhere, it's all over  
Sense of self unsure, damaged and impure  
Why is no one happy anymore?  
It's not over, it's not over  
I pray it's there, it's not over  
But reaching out for more, something too in store  
Feelings that have all but left me  
It's emptiness that fills me (x3)  
It fills me up, but still I'm empty
