Oh yeah, yeah, yeah, oh, oh

Now or never is what you used to say
Baby you always made me feel that way
But you and I were a dream that just never came true
But baby listen to what I have to say to you

There were times I knew you'd never see
But in ways I knew you would always remember me
Could you be the one to make my every dream

Everyone told you I was feeling this way inside
Everyone told you that when I said I was fine I lied
Everyone told you this wasn't how we were supposed
to be
But when everyone told you
Nobody was telling me

We were lost inside this world of broken dreams oh
yeah
We tried so hard to fix all those broken seams

And there was no way of finding love in between
So when I say goodbye this is what I really mean

There were times I knew you'd never see
But in ways I knew you would always remember me
Could you be the one to make my every dream

Everyone told you I was feeling this way inside
Everyone told you that when I said I was fine I lied
Everyone told you this wasn't how we were supposed
to be
But when everyone told you
Nobody was telling me

Ooooo
You know we tried so hard
But we never got that far
If we had've listened to our hearts yeah
Maybe we would've never, never fallen apart
