"I Am"

I'm a fake
I can't ever write my own lyrics
Maybe it's because i don't have any imagination
I'm a fake

I listen to weird music
Music that no one has heard about
Maybe it's because i want to be different.
I'm a loner

I believe in god
Sometimes i even read the bible
Maybe i should become a catholic or a baptist
I'm religious

I never tell the truth
Not even to myself
Maybe i just need attention
I'm a liar

I eat candles
And sometimes i eat worms
Maybe i just need a shrink
I'm mentally disturbed

I bet you didn't see that one coming?
Haha
