What I didn't know was what I wanted so bad  
And what I didn't want was all I had yeah- yeah  
And I can't help but taste these tears that I have  
inside  
And I know now that I have to fly

Cause I will be across the ocean  
And I will be on the desert sands  
I will be anywhere I have to just to be who I am  
I will be worth a thousand skies  
I will be ready to fly  
I will be on my every dream till the day I die  
That's what I will be  
That's what I will be

These days it seems oh that I don't belong  
And what I've done it feels so wrong  
And nobody knows me no one hears me crying deep  
inside  
And at times I feel all I can do is hide

Cause I will be across the ocean  
And I will be on the desert sands

I will be anywhere I have to just to be who I am  
I will be worth a thousand skies  
I will be ready to fly  
I will be on my every dream till the day I die  
That's what I will be  
That's what I will be

Some days my dreams are so far  
Some days I can't see past the clouds  
Some days I gotta get back on my feet somehow  
Some days oh I am so scared  
Some days I just wanna leave  
Some days it's burning a hole inside of me

Cause I will be across the ocean  
And I will be on the desert sands  
I will be anywhere I have to just to be who I am  
I will be worth a thousand skies

I will be ready to fly  
I will be on my every dream till the day I die  
That's what I will be  
That's what I will be
