Ohh yeahh (yeahh)  
Maybe it is true  
Maybe I miss you  
And the things we used to do  
I never thought that I would have your back  
I thought that I was through  
Now that I realise  
I want you in my life  
I don't know what to do  
Maybe it is true  
Maybe I miss you

Lately, I've been catchin myself  
Thinkin of your face (yeahh)  
But it's kinda hard not to  
Cause it's too hard to erase (yeahh)  
I've been thinkin about us lately  
And what we used to be (yeah)  
But there's no point in talkin about it  
Cause there is no you and me  
But I gotta admit it, boy

Maybe it is true  
Maybe I miss you  
And the things we used to do (things we used to do)  
I never thought that I would have your back  
I thought that I was through  
Now that I realise  
I want you in my life  
I don't know what to do (don't know what to do boy)  
Maybe it is true  
Maybe I miss you (ooh yeahh)

It kills me inside boy to know that  
Things will never be the same  
And after everything I said to you  
Like telling you I love you  
Boy, I was wasting my time  
But at the same time  
I just can't erase you (I'm caught up)  
And I can't get you outta my mind  
Boy, I still wish you were mine (but I gotta admit boy)

Maybe it is true  
Maybe I miss you  
And the things we used to do (things we used to do)  
I never thought that I would have your back  
I thought that I was through  
Now that I realise  
I want you in my life  
I don't know what to do (don't know what to do boy)  
Maybe it is true  
Maybe I miss you (ooh yeahh)

I just gotta tell you how I feel  
Listen

There's so many feelings that I just can't ignore  
You got me up and beggin  
That's for sure  
And lately when I try  
I just can't seem to shake you  
And how I can't forget the days  
We used to lay in bed  
[? ]  
Don't you remember, babe?  
Tell me what the business be  
Don't wanna be without you another day  
Cause I'm missing you, boy

Maybe it is true  
Maybe I miss you  
And the things we used to do (things we used to do)  
I never thought that I would have your back  
I thought that I was through  
Now that I realise  
I want you in my life  
I don't know what to do (don't know what to do boy)  
Maybe it is true  
Maybe I miss you (ooh yeahh)
