We were so close
You are my friend
I'd go to hell and back again for you
You would too
We hang out
We have to front
You always act so serious
If you, me too
I can't express my happiness
Happy thoughts are meaningless to you
It's all you knew
You feel unloved
You hate yourself
You take it out on everybody else
It's you, it's all you knew
I'm feeling good
I wanna tell you
I don't because you've always gotta
Bring me down
Your pleasure is my pain
Bring me down
My lose becomes your gain
Bring me down
I'm feeling good
I wanna tell you
I don't because you've always gotta
Bring me down
I see it in your face
Bring me down
Another chance to show your disgrace
Bring me down
I confront
When we're alone
The contempt that you've shown

It's you, it's nothing new
It's so hard to be just you
You're afraid of ridiculing you
What can you do?
I'm feeling good
I wanna tell you
I don't because you've always gotta

Bring me down
Your pleasure is my pain
Bring me down
My lose becomes your gain
Bring me down
I'm feeling good
I wanna tell you
I don't because you've always gotta
Bring me down
I see it in your face
Bring me down
Another chance to show your disgrace
Bring me down
All the feelings you replace
Bring me down
Another friendship you deface
And so I learn to live with it
I keep my thoughts and dreams within
I wish for something else and this
I don't tell you, you could careless
So you dwell on the negative
Resign your sense of the positive
