Lost in a city
That knows my name more than myself
Lost in myself
In a city that knows my name too well
What the fuck am I doing here?
When all I want to know is who I am
Eyes on me from everyone
Believe me
I don't have the answers you're looking for

Do you see the truth in me?
Or just what I want you to see?

Do you see the truth in me, in me, in me?

So what does life mean to me
All the roads I've travelled
And now all the places I've seen
Nothing, nothing makes sense to me...

So what does life mean to me
All the roads I've travelled
And now all the places I've seen
Nothing, nothing makes sense to me

Sometimes we have to get "lost" to really find ourselves

And I can't put the pieces all together
(We have defined ourselves)

I don't know
What I'm looking for
I don't know
What I'm here for

So what does life mean to me
All the roads I've travelled
And now all the places I've seen
Nothing, nothing makes sense to me...
