Album: Plaintiff

I hide in the shadow
Maybe its the best place for me
As nobody wants me around
Its dark here, where I am
Do you know how quiet it is when youre alone?
I am cursed to live like this
To see without seeing
To me, night is as clear as day
The darkness forbids me to feel
It builds up the hate within me
My resentments of this place
Here I am alone
My voice is the only thing I hear
I cant rely on myself in my mind of life
Nor can anyone else
This paranoia is my only friend
It watches me forever
Its always there

(Chorus)

The thoughts or rage in my mind
Only resents what I left behind
I take one more step to the edge
Im about to fall to my death
In my head I cant put aside
The only things, my thought of suicide
A whirlwind of feelings of pain
My loneliness driving me insane

The line between real and fake is blurred
A face of fear awaits me
Everytime I close my eyes
Darkness surrounds me
How can you tell the difference
Between dreams and reality
When you cant tell whether you asleep or awake
My dreams remain as nightmares
Forever with me

(Chorus)

(Bridge)

My life haunts me

I can feel my sight betray me

(Repeat)

(Chorus) + (Bridge) x2
