Do you know I can never leave you
And no, I can never beat you
And I find that I can never find you
Nevermind I will not forget you

Can I stay in love forever?
Can I stay in love forever?
Can I stay in love forever?
...forever?

Can you feel a chemical reaction?
Cause I feel a hideous attraction
Could we share a poisoned apple?
Can it be maniacle and awful?

Can I stay in love forever?
Can I stay in love forever?
Can I stay in love forever?
...forever?
Forever?
Stay in love forever?
...forever?
Stay in love forever?
Stay in love forever?
Stay in love forever?
Stay in love forever?
Stay in love forever?
