Do you know I could never leave you?
And no, I could never beat you
And if I, I could never find you...
Nevermind, I would not forget you.

Can I stay alive forever?
Can I stay alive forever?
Can I stay alive forever?
Forever

Can I feel a chemical reaction?
'Cause I feel a hideous attraction
Could we share a poison apple?
Can it be maniacal and awful?

Can I stay alive forever?
Can I stay alive forever?
Can I stay alive forever?

Forever, forever
Stay alive forever
Forever

Stay alive forever (x5)
