You got me into this, I don't know when the tables will
turn.
Coming around its something now, and I am known at
the plate.
His only clue and I don't know it, only you can defer.
It'll only be assumedly, its something you can a whirl.

Get out of my way!
Your name,
It's stuck in my brain!
Always,
And now I'm far away.
Well that's alright, lets give this another try.

Tied in the innocence when we would, I don't need it, I
don't want it alone.
You love to call it, I don't know it, I don't know anymore.
You listen, see, come and leave it I don't think you can
bore.
There's something on it, I don't know it, I can't take
anymore.

Get out of my way!
Your name,
It's stuck in my brain!
Always,
And now I'm far away.
Well that's alright, lets give this another try.

Get out of my way!
Your name,
It's stuck in my brain!
Always,
And now I'm far away.
Well that's alright, lets give this another try.

How long...?
What if...?
For your...?
Its on,
Anyone bother?

Its alright.
Okay,
Alone,
I don't
Its so pretty when,
That's all,
You want,
You bitch.
I live.
Oh so pretty when,
Suck up.
They're all,
This way,
I'll plan,
Your surrender
