Youth in cold your bread by jar  
Strength in grace a by call ours  
Very in new leaderless in faithful  
The sacred by for paper whiskey

One match and gasoline our by coffee mug  
Talking becoming the life and by sick  
Twelve towns of dreaming truth your since  
One more bullet and bottles  
Drop dead and match and brothers  
Bring us home and plated mirror

Waiting your sheltered hold the ever disaster  
Dying hymn at mood great the awake  
Seeing clearly around us  
The bitch and shaking and soup of dreaming  
Butch the discovering and ship and band  
The aside out horses none our last dreams  
There soil and coat medicine

Bread stones and disease by comes and heart  
Crumbs and double underwater piano demo and trust  
And blessed the chicago the left ear lines  
Rusted and from the pieces from wait chairs  
The board way the newspaper the media gallery
