I'm losin' sight
Don't count on me
I chase the sun
It chases me

You know my name
You know my face
You'd know my heart
If you knew my place
I walked straight down
As far as I can go

I follow you
You follow me
(I don't know why, you lie so clean)
I'll break right through
The irony

Enlighten me
Reveal my fate
Just cut these strings
That hold me safe
(Safe)

You know my head
You know my gaze
You'd know my heart
If you knew your place
I walked straight down
As far as I can go

I follow you
You follow me
(I don't know why, you lie so clean)
I'll break right through
The irony

Cure, this, wait, I
I hate this wait
I hate this wait

I follow you

You follow me
(I don't know why, you lie so clean)
I'll break right through
The irony
(I don't know why, I don't know why)

I follow you
You follow me
(I don't know why, you lie so clean)
I'll break right through
The irony
