Breaking Benjamin "Follow Me"

Visit "Follow Me" on MotoLyrics.com

I'm losing sight, don't count on me I chase the sun, it chases me You know my name, you know my face You'd know my heart, if you knew my place I'll walk straight down as far as I can go

l'll follow you, you follow me I don't know why you lie so clean l'll break right through the irony

Enlighten me, reveal my fate Just cut these strings that hold me safe You know my head, you know my face You'd know my heart, if you knew your place I'll walk straight down as far as I can go

I'll follow you, you follow me I don't know why you lie so clean I'll break right through the irony

Cure this wait I, I hate this wait I hate this wait

I'll follow you, you follow me I don't know why you lie so clean I'll break right through the irony I don't know why, I don't know why

I'll follow you, if you follow me I don't know why you lie so clean I'll break right through the irony
