It's a crime you let it happen to me  
Never mind, I'll let it happen to you  
I don't mind, forget it there's nothing to lose  
But my mind and all the things I wanted

Every time I get it I throw it away  
It's a sign, I get it, I wanna stay  
By the time I lose it I'm not afraid  
Of love but I can surely fake it

How can I believe when this cloud hangs over me  
You're the part of me that I don't wanna see

Forget it

There's a place I see you follow me  
Just a taste of all that might come to be  
I'm alone but holding breath you can breathe  
To question every answer coming  
Just fade away  
Please let me stay  
Caught in your way

Forget it

Just fade away  
Please let me stay  
Caught in your way

It's a crime you let it happen to me  
I don't mind, I love it, easy to please  
Never mind, forget it, just memories  
On a page inside a spiral notebook

Just fade away  
Please let me stay  
Caught in your way  
I can live forever here

Forget it

How can I believe when this cloud hangs over me

You're a part of me that I don't wanna see

I can live forever here
