Sing it for me,
I can't erase the
Stupid things I say.
You're better than me.
I struggle just to
Find a better way.

[Chorus]
So here we are,
Fighting and trying to
Hide the scars.
I'll be home tonight,
Take a breath and
Softly say goodbye.
The lonely road,
The one that I should
Try to walk alone.
I'll be home tonight,
Take a breath and
Softly say goodbye.

You wouldn't like me.
Keep moving on until forever ends.
Don't try to fight me.
The beauty queen has
Lost her crown again.

[Chorus]
So here we are,
Fighting and trying to
Hide the scars.
I'll be home tonight,
Take a breath and
Softly say goodbye.
The lonely road,
The one that I should try
To walk alone.
I'll be home tonight,
Take a breath and
Softly say goodbye.

Goodbye.

So why are you so eager to betray, pick the peices up,
Pick the pieces up.
So why are you the one
That walks away,
Pick the peices up,
Pick the pieces up.

[Chorus]

So here we are,
Fighting and trying to
Hide the scars.
I'll be home tonight,
Take a breath and
Softly say goodbye.
The lonely road,
The one that I should try
To walk alone.
I'll be home tonight,
Take a breath and
Softly say goodbye.
Just take a breath and
Softly say goodbye.
