Shove me under you again
I can't wait for this to end
Sober, empty in the head
I know, I can never win

Why should I have to wait
I'll just look the other way

We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend

I can see you suffocate
I can find no other way
Try to make you saturate
I can be your enemy

Why should I have to wait
I'll just look the other way

We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend, woah no

We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend

You said you'd love, to see the end
The long hard road that I have been
When all these dreams have come to end
You wish you were, you're not my friend

Blind eyes shine through
