Screaming on the inside,
I am frail and whitered.
Cover up the wounds,
That I can't hide.
Walls that lie between us,
The saint within the sinner.
I have lost the nerve,
But it's all right.
Carry the wounded, and shut your eyes.
All will be forgiven,
None will rise.
Bury the fallen, and lead the blind
I will fight the loss,
Dead inside.

[Chorus:]
Into the nothing,
Faded and weary,
I wont leave and let you fall behind.
Live for the dying,
Heaven hear me,
I know we can make it out alive.

Leave me at the bottom,
I am lost forever.
Letters from the dead,
Say goodbye.
Sorrow falls upon us,
This will be the last time.
Days begin to end,
But I'll get by.
Follow the hopeless,
And shut your eyes.
All will be abandoned,
None will shine.
Gather the broken, and leave this life
Lying in the Earth,
Side by side.

[Chorus]

I'll keep you inside,
Where I lead you cannot follow.
Straight into the light,
As my breath grows still and shallow.

[Chorus]

Stay with me,
You're all I have left.
I know we can make it out alive.
Stay with me,
You're all I have left.
I know we can make it out alive.
