"Intro"

[Verse 1]

I see nothing in your eyes, and the more i see the less i
lie, is it over yet in my head.
I know nothing of your kind, and wont reveal your evil
mind is it over yet. I can mend.

[Chorus]

So sacrafice yourself and let me have whats left i know
that i can find, the fire in your eyes. Im going all the
way, get away. You take the breath right
out of me you left a hole where my heart should be. We
gota fight just to make it through, cuase it will be the
death of you.

[Verse 2]

This will all be over soon, but its all in the open wound.
Is it over yet. Let me in.

[Chorus]

So sacrafice yourself and let me have whats left i know
that i can find, the fire in your eyes. Im going all the
way, get away. You take the breath right
out of me you left a hole where my heart should be. We
gota fight just to make it through, cause it will be the
death of you.

[Hook]

Im waiting, ive hated, realize start hating

You take the breath right out of me you left a hole
where my heart should be. We gotta fight just to make it
through, cause it will be the death of you.
