What did you say to me?  
I'm not a novelty  
You're playing revelry  
But no one's listening

I am a simple man  
Without a simple plan  
Let's make it easy  
And just get out while we can

And I'm the one you want hey lady bug  
You were always on the mind of everyone  
Lady bug, you're pathetic and I said it more than once  
Lady bug, I believe you couldn't reach me where I am  
Where my feet won't hit the ground

The time is passing by  
You're my insecticide  
The pressures on our eyes  
And now I untie

Beautiful little bird  
I'll fix your broken wings  
I'll let you lie here till you  
Fly away from me

And I'm the one you want hey lady bug  
You were always on the mind of everyone  
Lady bug, you're pathetic and I said it more than once  
Lady bug, I believe you couldn't reach me where I am  
Where my feet won't hit the ground

What did you say to me?  
I'm only here to clip your wings  
You cut me down to size  
I'm only living my life

Lady bug, you were always on the mind of everyone  
Lady bug, you're pathetic and I said it more than once  
Lady bug, I believe you couldn't reach me where I am

Where my feet won't hit the ground

Where my feet won't hit the ground  
Where my feet won't hit the ground  
Where my feet won't hit the ground
