

Breaking Benjamin "Never Walk Away"

Visit "[Never Walk Away](#)" on MotoLyrics.com

You can't take everything away
Cause i will fight and beat you at your game
And nothing or no one
Can take the place of all these empty memories
You left me time and time again

[CHORUS:]

So you waste your life away
By playing all these games
But you know, i would never let you win
And you want your life to change
So you find someone to blame
But you know, i will never walk away

Today's the day
I won't turn away
Cause i'll make sure that you taste my pain
Cause nothing or no one
Can take away the pain that you gave me
You played me time and time again

[CHORUS]

Cause i'm searching
For reasons not to throw this all away

[CHORUS]
