Shoves me under you again  
I can't wait for this to end  
Sober, empty in the head  
I know I can never win

Why should I have to wait  
Or I'll just look the other way

We left this land of shiny lights  
I wish I may, I wish I might  
When all these dreams have come to end  
You wish you were, you're not my friend

I can see you suffocate  
I can find no other way  
Try to make you saturate  
I can be your enemy

Why should I have to wait  
Or I'll just look the other way

We left this land of shiny lights  
I wish I may, I wish I might  
When all these dreams have come to end  
You wish you were, you're not my friend

We left this land of shiny lights  
I wish I may, I wish I might  
When all these dreams have come to end  
You wish you were, you're not my friend

You said you'd love to see the end  
The long hard road that I have been  
When all these dreams have come to end  
You wish you were, you're not my friend

Blind eyes shine through
