Push a little don't force it when the time's right we'll  
climb up we know we're winning I can feel we're  
winning we can prove what we're worth Wait a minute  
what do I do now? you say you don't know and I know  
you do too It's all my eye to outwit the suspect trumped  
up and sold out concocted to counterfeit i know half as  
much to what's coming round the corner tell me if it's  
true You say you don't know i know you do too Oh this  
never knowing half suspecting baited rat trap to decoy  
the ambush this luring trap door to trip wire the  
deadfall it's all my eye to outwit the suspect trumped  
up and sold out concocted and counterfeit
