Counting on luck for so long now, It happens to me, let  
it happen and happen again. Oh, you're just in time Oh,  
you're just in time To feel you near. Just to hold you. All  
I desire is to drown in your arms. The touch of your  
hand and Your breath on my lips Makes me want  
you.....more. Yes you, you're all that matters now. Yes  
you, you're all that matters now. And this is a song just  
to tell you. And this is a song of how much I love you.  
You're, you're all that matters now You're, you're all  
that matters now. Oh, you're just in time Oh, you're just  
in time. there's nothing to say Well nothing at all. Just  
an handful of cliches that really mean nothing till you  
hold me, Hold me .... hold me. Oh, you're all that  
matters now Oh, you're all that matters now And this is  
a song, just to tell you. And this is the song of how  
much I love you So hold me .... hold me Hold me.
