I'm going back to day one  
When we fell in love  
I can still remember just how good it was  
But now you're slippin' away  
(I keep holdin' on)  
I don't know where I've been wrong  
(Baby, come on and stay)

What more can I do to make you love me  
Just the way I do  
Baby I'll be giving you time  
(Baby I'll be giving you time)  
If that would make you stay by my side  
(If that would make you stay by my side)  
I'll be waiting for all my life  
(I'll be waiting for all my life)  
Until you realize, that I am yours and you're mine.

Baby, back then we had so much love  
Have you ever wondered how we fell apart  
'Cause now you don't care at all  
(I don't get any at all)  
But still I wish you would stay  
(Baby, stay)

What more can I do to make you love me  
Just the way I do  
Baby I'll be giving you time  
(Baby I'll be giving you time)  
If that would make you stay by my side  
(If that would make you stay by my side)  
I'll be waiting for all my life  
(I'll be waiting for all my life)  
Until you realize, that I am yours and you're mine.

I am yours, baby you're mine.  
Ohh...

What more can I do to make you love me  
Just the way I do (I do)  
Baby I'll be giving you time  
(I'm giving you time)

If that would make you stay by my side  
(Baby, stay)  
I'll be waiting for all my life  
(Ohh)  
Until you realize, that I am yours and you're mine.  
(Yours, and you're mine)

What more can I do to make you love me  
Just the way I do (I do)  
Baby I'll be giving you time  
(I'm giving you time)  
If that would make you stay by my side  
(Baby, stay)  
I'll be waiting for all my life  
(Ohh)  
Until you realize, that I am yours and you're mine.

You're mine...
