With a tender love  
You filled my lonely days  
You made me need you, darling  
In so many ways

But you no longer  
Come around very much  
And lately there's no  
Tenderness in your touch

Where did it go  
That warm and tender feeling  
Where did it go  
That love that I believed in

You filled my life  
With so much meaning  
It's empty now  
Now that you're leaving me

[CHORUS]  
Just look what you've done  
You've turned my dreams to dust  
I thought you needed me  
But now I find that you're leaving me  
Oh, you've turned my heart to stone  
Without you by my side  
Where will I get the  
Strength to carry on

Ooh, ooh, yeah

Now helplessly I stand  
Watching love walk away  
There's nothing I can do  
Nothing I can say

For you, our love  
Was just a passing thing  
But to me, my darling  
It was everything

Where did it go  
The love I always turned to  
Where did it go  
Where do I go without you

When I needed you  
You were always there  
I'm nothing now  
Without your love to share

[Repeat CHORUS]

Ooh, ooh, oh, yeah

Oh, where did it go  
The love I always turned to  
Where did it go  
And where do I go without you

When I needed you  
You were always there  
I'm nothing now  
Without your love to share

[Repeat CHORUS]

You, you've turned my dreams to dust  
I thought you needed me
