I'll never cry myself to sleep anymore
On the pillow where your head used to lay
Not having you here hardly bothers me at all
Even though God only knows I'd wish you'd stay
I'll be fine
When you find someone new
Baby please don't tell me even if I ask you

Keep it a secret
If you find another lover swear you'll keep it
All to yourself
Until I get over you I'll need
A little dishonest honesty
So keep it a secret from me

I hear you whisper
So softly in my ear
And I pray out loud "Please let this be real"
I reach to touch you
I feel that you're not there
So I close my eyes and try to dream you're near
But these eyes
Inside my mind can see
You're lips touching someone else
The way they touched me

Keep it a secret
If you find another lover swear you'll keep it
All to yourself
Until I get over you I'll need
A little dishonest honesty
So keep it a secret from me

I always wanted all the very best for you
And I hope that you're happy with your new life
But if we meet some day
And I ask you if you miss me
I'm beggin you to tell me sweet sweet lies

Yeahhhh
If you find another lover swear you'll keep it

All to yourself
Oh no no no no no no no no
So keep it a secret from me
