Black was white
The day was night
If you said it was true

Yeas, the world was square
I didn't care
With sweet impossible you

You changed everything about me
Now you look for someone new
You say you can't live without me
You made me love you
Now you're gonna change that too

But you go on, I'll find someone
Though I don't know who
Could ever be all the things I see
In sweet impossible you

Yes, I'm the reason for your leaving
You say that we're all through
Well, let it be, ah, you'll never see
Sweet impossible you

You think it's right that I'm left
Yeah, with my little world
Turned upside down

You say it's easy to forget
Ah, but it's not easy.
That's just the way it sounds

But you go on and I'll find someone
Though I don't know who
Ah, could ever be the things I see
In sweet impossible you

In sweet impossible you
In sweet impossible you
