Yes I'm livin' the life  
Yes I'm livin' the life  
Couldn't live it without you (I can't live without you)  
Not without you no no (no! )  
Yes I'm livin the life  
Yes I'm livin the life  
Couldn't live it without you (I can't live without you)  
Not without you no no (no! )  
Yes I'm livin' the life

I got a first class flight, to where I live  
I'm here now, but dead too, like I had a twin  
That's the beauty of a paradox  
Too like a pair of socks  
Hearin' that see in double no Henny shots, shots!  
Ain't no liquor in my liver  
I just wanna take a picture that this life gives ya  
Hope in the King like Coretta  
And if it doesn't get betta, I know it will when He comes  
and get us  
Or when we get up yeah, you see I'm done  
I know I just left but I was already home  
Sittin where the King seat, right there by the throne  
And even though I pass away, I am neva gone  
So now, I wait on my position, I feel the tension like I'm  
lifted while I'm  
Waitin' on my pinchin'

Pain cuts deep, with no visible incision but I'm healed  
as a heal cause I  
Live in that dimension.

Yes I'm livin' the life  
Yes I'm livin' the life  
Couldn't live it without you (I can't live without you)  
Not without you no no (no! )  
Yes I'm livin the life  
Yes I'm livin the life  
Couldn't live it without you (I can't live without you)  
Not without you no no (no! )  
Yes I'm livin' the life

I mean there's got to be more to this world man  
It's broken, I've seen it, but not only have I seen it, I've  
lived it  
When you're in a nightmare and dreams seem to have  
limits  
And you scream to heaven but they don't pass the  
ceiling  
What a awkward feeling, you sellin your body with  
every touch, you're dyin'  
But you're still making a killin'  
You want more then sex and possession  
We stand on our corner 'cause we can't see  
progression... ?  
Wise in our eyes, broken kings seekin treasure, but if  
we're broken rulers  
Then we're takin broken measures
