Let's go! (oh x 16)
You know what it is
See them hands, let let let me see them hands
You know what it is
See them hands, let let let me see them hands

Let me see them hands to the sky like this a stick up
Yeah we goin' onward and nobody sippin' liquor
I'm fresh, brand new, man, somebody take a picture
I'm feelin' so official, throw the flag, blow the whistle
Set it off, blow it up, but, but you can keep the missile

Grace through the mediator, my [?]
... in the middle
Here we get the "W" so you can call me winner, yessir
Gave the Lord control, command, shift, enter
So you aimin' for the stars? Most drive a mini-missile
And I'm aimin for the Lord, through the Son, that's how
we hit em'
It's more than just some music, it's a movement, see
the Scriptures?
I'm pride in the Lord, but humble since my beginning

I'm humbled from the start
My pride is in the cross
Victory is mine, I'm working for the boss
You know what it is, and lemme see them hands up,
You know what it is, now lemme see them hands up
Yeah we do it big, we 'bout to set it off
Victory is mine, my pride is in the cross
You know what it is, and lemme see them hands up
You know what it is, now lemme see them hands up
Hey

The Father's who I follow, he runs it out like a Cannon
Tryin' to bring you out the dark, somebody turn the
flash on
So you can get the picture, He's the reason you ain't
passed on
He's gracious plus He's patient, He hates when one is
passed on

Over, nah, it ain't over, roger that come back now over
Pride'll kill ya, lies'll kill ya, gassed up like Exxon-Mobil
Get you lookin at yourself just like Face Off with John
Travolta
Watch it - pride'll have you tryin' to network and netflirt
like Oprah

Hey, but I'm humbled by the Cross, for real
Somebody tell Ross I know who the Boss for real
Pride leads you to destruction, get you lost for real
But the humble in Him, boastin and floss?, for real

I'm humbled from the start
My pride is in the cross
Victory is mine, I'm working for the boss
You know what it is, and lemme see them hands up,
You know what it is, now lemme see them hands up
Yeah we do it big, we 'bout to set it off
Victory is mine, my pride is in the cross
You know what it is, and lemme see them hands up
You know what it is, now lemme see them hands up
Hey

Now you might wanna lean with it, might wanna rock
with it
Might wanna do the Superman, or Cat Daddy, Dougie,
pop and lock with it
Go'n and get it, on that Psalms 30: 11, I know my God
did it
(Just dance?)
Ain't no pride in it, you know the Rock's in it
I know we're loco with the dudes that don't flow
My bros in dark clothes [?] with the Lord, it's top [?]
You hear these lines and hooks? Homie, we fishermen -
we preach.
With this Gospel network, gettin' good reception with
3Gs
Our souls are so low to behold the Lord of hosts
To know, conozco, I wanna go until you know
I'm safer than Noah when the flood came
Homie, I rejoiced.
His cross is beyond the arc, he nailed it - three points.

I'm humbled from the start
My pride is in the cross
Victory is mine, I'm working for the boss
You know what it is, and lemme see them hands up,
You know what it is, now lemme see them hands up
Yeah we do it big, we 'bout to set it off
Victory is mine, my pride is in the cross
You know what it is, and lemme see them hands up

You know what it is, now lemme see them hands up
Hey
