(verse 1)

The lights are out. I'm stuck in bed.  
I can't hear the silence in my head.  
Your words keep playing over and again.  
The only way to get some rest is to get this pressure off  
my chest.  
I'd love to tell you all about it some how.

There is no way to say it now.  
There are no words to speak it out.  
There's nothing strong enough to speak my love,  
to speak my love.

(verse 2)

I wonder if you are content with all the time that we  
have spent, or did I leave you wanting to come back for  
more.  
I'm learning you, you're watching me.  
I hope you like all that you see, for a chance to take it  
farther now, farther now.

(Chorus)

And I hope you're not just messing with my head.  
These days it's just so hard to tell.  
I can't stop, falling head over hills for you.  
And if I'm wrong then stop me, or maybe you could  
just fall too.

(Verse 1)

(Chorus 2x)

(break down)

And if I'm wrong then stop me, or maybe you could just  
fall,  
And if I'm wrong then stop me, or maybe you could just  
fall,

And if I'm wrong then maybe you could stop me,  
Or maybe you could just fall too
