I will wait Ten-thousand days, for my love to see.
And I won't rest my weary head, until she's safe with
me.
We have been so far apart. Miles and miles away.
But our love is going strong, and her I long to see.

(Chorus)

If you think there's anything, that I won't do for you,

Then you don't know how deep my love does run for
you.

(Verse 3)

When she's wrapped up in my arms, all else will fade
away.
And we will live in happiness, for she is here to stay.

Chorus X 3
