(verse 1)

I just dialed the number to your old cell phone.
It's been disconnected and I wonder for how long.
And I still miss you. I still need you here.

(verse 2)

Turn another page in this old picture book.
It's been so long since I've seen you that I forgot how
you look.
And I still miss you. I still need you here.

(Chorus)

And I need you, like my next breath of air.
And I want you, like the elder for his youth.
And I'll love you for the rest of my days, of my days.

(verse 3)

You have moved away, for good is what I hear,
but I can't help to hope that I might see you around
here.
And I still miss you. I still need you here.

(chorus)

(verse 4)

And I will walk away from everything I have,
If that's what it takes to hear you say you want me back.
And I still miss you. I still need you here.
And I still love you. I still hold you near.

(chorus)
