Hands of flesh
Sheds of steal
Locks the door
Closes the blinds
And slowly lets me in

She feels power
In this... it's the pain I guess
Cuz the love that she felt is so real was taken away
Yes

When the sun goes down
And there ain't no one else around

She tells me secrets
Tells me truth
Tells me lies
I know she loves me when she looks into my eyes
She dresses herself up
Pretends to feel brand new
Remember.. it's just me you're talking to

Faded smile conceals the pain
Then excuses herself as the tears fall again
In the darkness of her room
She dances slowly with me by the light of the moon
And when the light comes on
She puts her smile back on again

She tells me secrets
Tells me truth
Tells me lies
I know she loves me when she looks into my eyes
I feel her every breath
I know her every move
Remember.. cuz it's me you're talking to
It's just me
Yea

[solo]

She tells me secrets
Tells me truth
Tells me lies
I know she loves me when she looks into my eyes
I feel her every breath
I know her every move
It's just me she's talking too
It's just me yea
You and me
It's just...
