3am, my phone starts to ring  
Make no mistake it's just a sexual thing  
You keep telling me  
I'm the only one  
but you'll go back to him, when the night is done

Your such a hot mess baby  
But you know it drives me crazy

So lie to me, I'll lie to you  
Say anything, believe it's true  
I lie to you, You lie to me  
Skin to skin, your my ecstasy.  
You get me up, when you go down  
Mesh our flesh, round and round  
I'll take you down, you get me up  
It's just sex so let's just....

You've got that smile on your face  
That look in your eyes  
Girl you ain't leaving, until your satisfied.  
You rock my world, You wreck my bed  
and when We're done, we'll start again.

I'll give it to you all night  
Even try to get your name right

So lie to me, I'll lie to you  
Say anything, Believe it's true  
I lie to you, you lie to me  
Skin to Skin, your my ecstasy.  
You get me up, when you do gown  
Mesh our flesh, round and round  
I'll take you down, you get me up  
It's just sex so let's just....

(instrumental)

Cherry red, Smearred on your lips  
I wrapped my hands around your hips  
You look at me and whisper  
Just like this

My tequila's got you all undressed

So lie to me, I'll lie to you  
Say anything, Believe it's true  
I lie to you, you lie to me  
Skin to skin, your ecstasy.  
You get me up, when you go down.  
Mesh our flesh, round and round  
I'll take you down, you get me up  
It's just sex so let's just....
