Seems like yesterday I was surfing on the net
I clicked on youtube and that's where we first met.
Next thing you know, you were playing on repeat
Every night as I was falling asleep
Mom said somethings wrong but I didn't believe her
Took me to the doctor I was diagnosed with Bieber
Fever
Now If I could I'd breathe Bieber over air
And I'd give anything if he'd sign my Bieber underwear

I'm Justin love
I'm Justin love
I'm Justin love with Bieber
I'm Justin love
I'm Justin love
I'm Justin love with Bieber
Who's the one less lonely girl well I think he should
leave her
I'm Justin love
I'm Justin love
I'm Justin love with Justin Bieber

He was in a bidding war between Usher and JT
But if he looked my way "one time" he would have been
with me
I follow him on twitter, always curious where he's at
@justinbieber lol ur cute brackets please follow me
back
The old life's done and I've now entered My World 2.0
Eenie Meenie Baby Up U Smile and I'll Never Let You Go
Stuck in the moment runaway love overboard that
should be me
If I chose someone to love I think you know that it is
Justin B

I'm Justin love
I'm Justin love
I'm Justin love with Bieber
I'm Justin love
I'm Justin love
I'm Justin love with Bieber
And who's this kid Greyson, I'm sure even he's a

Belieber
I'm Justin love
I'm Justin love
I'm Justin love with Justin Bieber

On SNL you made me laugh, on Wavin Flag you made
me cry
On April Fools, Will got it right, he changed his site
Bieber Or Die
My one complaint, your tour dates, won't please tell me
faster
All day I wait. I stay up late. I'm watching ticket master
I see twitter has just proven they're not very smart
But it's OK cuz Bieber's always trending in my heart
If there's one thing that's been done that I can not
watch go by
It's that girl Kim, you watch your back, because of me
you're gonna--
(Interrupted)

I'm Justin love
I'm Justin love
I'm Justin love with Bieber
I'm Justin love
I'm Justin love
I'm Justin love with Bieber
Yeah I'm more than three years old but you're the boy I
cry over
Justin love
I'm Justin love
I'm Justin love with Justin Bieber

I'm Justin love
I'm Justin love
I'm Justin love with Bieber
I'm Justin love
I'm Justin love
I'm Justin love with Bieber
And if he's really seeing Miley well I think he should
leave her
Justin love
I'm Justin love
I'm Justin love with Justin Bieber
