Tahiti play, once a year,
And usually against Paris,
And we always win, every time.
Is there nothing we can do.
With Simon in goal no one can score, and
Lee scoring all the goals,
There's no team that will beat us,
Except for Grimsby Town.
There's no way the Samm,
Will sponsor our team, for pitta and chips a season.

To get away from the stress,
Of coursework,
We have our team to deal with.
We either manage them,
Or play for them,
We always do our best.
When its cold outside, we stay in,
And do 'Team Talk'
Sunday League is the best thing,
On the Internet,
We always talk about it,
In Robin Stones lesson.
