You ask this girl, what I wanted to see
I said 'listen, and I'll hand you the key'
'Who is so famous, you almost scream'
'Try and do something in-between'

Maybe you can buy my car
I'm gonna live abroad so far
Lady if you buy this car
Maybe I'll drive you

You told that girl, that my manors are good
She said, 'Buddy, you misunderstood'
Working for nothing aint that great or fine
But at least I can show her a well good time

Maybe you can buy my car
I'm gonna live abroad so far
Lady if you buy this car
Maybe I'll drive you
Beep Beep, Beep Beep Yeh!
Maybe you can buy my car
I'm gonna live abroad so far
Lady if you buy this car
Maybe I'll drive you

You tell that girl to drive right away
But she looks back, she has something to say
'You've got no car, cause you had broken my heart'
I've found a lover, and that my start

Maybe you can buy my car
I'm gonna live abroad so far
Lady if you buy this car
Maybe I'll drive you

Beep Beep, Beep Beep Yeh!
Beep Beep, Beep Beep Yeh!
Beep Beep, Beep Beep Yeh!
Beep Beep, Beep Beep Yeh!
