look at the time
the time we first met
and everything you said
and this is all for you
you came along
i wrote this song for you
sorry it took so long
and it is called 'dios'

so i took my time
oh what a thing to have done
and its for you dios
your still are known as dios
my name is also dios
together we are known as team dios
you know i wrote this for you

i wrote a song
i wrote a song for you
oh what a thing to do
cause you are dios
its in spanish
so only you will know
what its all about
your still known as dios
together we are team dios
even though, everyone is jelous of us
everyone wants to be jus like us
so for you

its true, i wrote this song for you
sorry it took so long, i wrote it for you,
sorry it took so long,
and we are team dios.
